

Sample Bug Report Template

ID Number	01
Name	Belgium Flag is Displaying
Reporter	Kiran Siriyala
Submission Date	28-09-2025
Summary	Belgium Flag is displaying when user selects the Belgium option from the country list
URL	https://www.makemytrip.com/
OS	Windows 11
Browser	FireFox
Severity	High
Assigned to	--
Priority	High

Description

Belgium Flag is displaying when user selects the Belgium option from the country list page.

Steps to reproduce

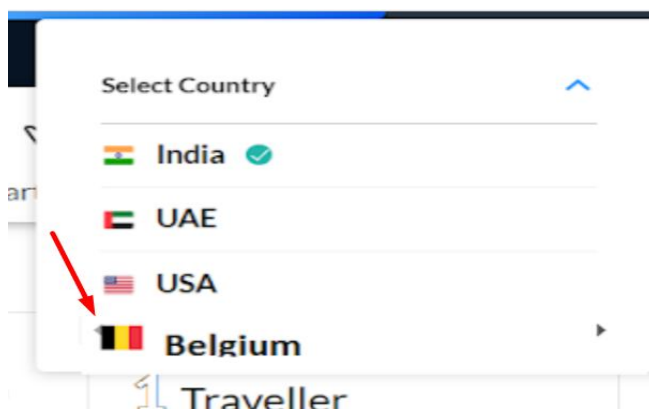

1. Login into the makemytrip application.
2. Verify the Country option on the right corner.
3. Click on the Country drop down.
4. Verify the Belgium country option.
5. Observe the flag of the Belgium country.

Expected result

Flag should not be displayed since the inputs were not mentioned about the Belgium flag.

Actual result

Flag is displaying for the Belgium country.

ID Number	02
Name	Belgium country alignment issue
Reporter	Kiran Siriyala
Submission Date	28-09-2025
Summary	Belgium country alignment is not proper.
URL	https://www.makemytrip.com/
OS	Windows 11
Browser	FireFox
Severity	High
Assigned to	--
Priority	High

Description

Belgium country is not aligned properly when compared to other country options.

Steps to reproduce

1. Login into the makemytrip application.
2. Verify the Country option on the right corner.
3. Click on the Country drop down.
4. Verify the Belgium country option.
5. Observe the alignment of the option.

Expected result

Alignment should be proper and should be visible clearly and the separation of the USA and Belgium is not clearly visible.

Actual result

Belgium text is not aligned properly and it is displaying as mixed with the USA option.
